Tel. No 07568529857

I'm an enthusiastic and competent North West based Editor. I am passionate about the creative process and story-telling but can also work well within time constraints and have a lot of experience working on TX Critical edits. I am always up for a challenge and enjoy working with others to create quality TV. I'm very friendly and sociable and find meeting and working with new and different people a real perk of the job.
