

MARK STOKES
ONLINE EDITOR
M: 07775632019
E: Mark@TheBeardedEditor.com

Throughout my career I have had the privilege of working across a wide variety of factual broadcast genres, drama, light entertainment and children's television. I work as a dedicated Online Editor providing both the online edit and grade using Avid Symphony, but I am also able to work alongside a colourist.

Having worked within the ever changing world of file based delivery from its infancy up to its current guise, I am more than familiar with current DPP delivery specifications and the creation of AS11 master files using Avid and AQC software, VidChecker.
